The **GO TEXAN** Certified **Retirement** Community Program is a certification and promotion program provided by the **Texas** Department of Agriculture. To become a certified **retirement** community, each community must complete a rigorous application process including a retiree desirability assessment. Here are 21 rural towns to start with. <http://www.retireintexas.org/Home/TexasRegionalMap.aspx>

1. There are no downsides to this new form of social security.
2. There is not one way to generate electricity any cheaper or faster or with greater profit margins for the consumer investor.
3. There is no other power generation system that can provide better research and development platforms with such ease of upgrade or expansion.
4. There is no way to create more primary career paths, or a 2nd retirement income.
5. As the Dale Carnegie Class taught you...”This is HUGE!!!”
